

# Sporting Clay's Fun Shoot 06/27/2015

This was our first fun shoot at LCC that it rained so much the day before that we had to set the targets early morning before the fun shoot began. However, with all the great help from the guys we were able to get the machines pulled out of the garage and set up pretty quickly. It was a fun event with the rabbit ramp, two springing teals as a true pair, two high incoming birds that crossed each other twice, and shooting over a pond from the rain. Everyone had a good time! Good targets, good laughs, and good company!
